

CURRICULUM VITAE

JUANN KIM

 [personal webpage](#)  juannkim@usc.edu  [linkedin.com/in/JuannKim](https://www.linkedin.com/in/JuannKim)  [google scholar](#)

EDUCATION

University of Southern California

Master in Computer Science

Aug 2025 – Present

USA

Sangmyung University

Bachelor of Engineering in Department of Software

Mar. 2019 – Feb. 2023

South Korea

Early Graduation as an Excellent Student

US Grade: 3.905/4.0

Kor Grade: 4.25/4.50 — Major: 4.32/4.50

Scholarships: Study/Merit Scholarship (2019–2022), Software Talent Scholarship (2021–2022)

RESEARCH EXPERIENCE

Korea Military Academy

AI Researcher @ AI R&D Center

Nov. 2023 – Apr. 2025

South Korea

- From Detection to Intruder Alarm: AI-powered Surveillance System
- Speech Recognition Model Robust to Battlefield Noise
- Development of a User-Friendly Object Detection System for Military Applications Using YOLO v8

Learn Data Lab

Research Intern @ SungKyunKwan University

Jan. 2023 – Oct. 2023

South Korea

- Graph Neural Network, Numerical Reasoning on Knowledge Graphs

Purdue University

Research Collaborator

Sep. 2022 – Dec. 2023

USA / South Korea

- How Far Can a Drone be Detected? A Drone-to-Drone Detection System Using Sensor Fusion
- Self-Supervised Drone Detection Using Acoustic Data

Intelligent & Resource-efficient Image processing & Systems design Lab

Undergraduate Student Intern @ SungKyunKwan University

Sep. 2022 – Nov. 2022

South Korea

- Implicit Neural Representation on Audio

Purdue University

Visiting Scholar

Apr. 2022 – Aug. 2022

West Lafayette, Indiana, USA

- Drone Detection Using Acoustic and Image Data

Sangmyung University

Undergraduate Student Intern

Jul. 2021 – Feb. 2022

South Korea

- Research on core technologies that can be explained based on multimodal data to realize a healthy digital finance investment ecosystem

Sangmyung University

Undergraduate Student Intern

Oct. 2019 – Jan. 2021

South Korea

- Developing a mathematical model for cancer subtype analysis and drug reposition according to cancer subtype using big data integration and machine learning

PUBLICATIONS

Deep Learning Based Malicious Drone Detection Using Acoustic and Image Data <i>IEEE, International conference on Robotic Computing</i>	Dec. 2022
How Far Can a Drone be Detected? A Drone-to-Drone Detection System Using Sensor Fusion <i>International Conference on Agents and Artificial Intelligence</i>	Feb. 2023
Self-Supervised Drone Detection Using Acoustic Data <i>IEEE, International conference on Robotic Computing</i>	Dec. 2023
Speech Recognition Model Robust to Battlefield Noise <i>Journal of the Korea Institute of Information and Communication Engineering</i>	Jun. 2024
From Detection to Intruder Alarm: AI-powered Surveillance System <i>Korean Institute of Information Scientists and Engineers</i>	Jun. 2024
Improving Drone Classification with Audio-Derived Visual Features: <i>Accepted / IEEE, International conference on Robotic Computing</i>	Dec. 2024
Enhancing Inductive Numerical Reasoning in Knowledge Graphs with Relation-Aware Relative Numeric Encoding <i>Pacific-Asia Conference on Knowledge Discovery and Data Mining (PAKDD)</i>	Jun. 2025
Evil Persona Vectors are Cross-lingually Universal <i>Under Review – EMNLP '26</i>	2026
Measuring Control Geometry in Large Language Models <i>In Progress – ICLR</i>	2027
Knowing How Far to Steer: Adaptive Intervention Strength for Crosslingual Knowledge Transfer <i>In Progress – EACL</i>	2027
Where Does the Language Barrier Live? Localizing the Crosslingual Knowledge Barrier Across Layers <i>In Progress – EACL</i>	2027

TEACHING EXPERIENCE

Discrete Mathematics & Computer Programming <i>Sangmyung University</i>	2020 <i>South Korea</i>
Data Structure & Algorithm <i>Sangmyung University</i>	2021 <i>South Korea</i>
Artificial Intelligence Project <i>SungKyunKwan University</i>	2023 <i>South Korea</i>

ACTIVITY

International Collegiate Programming Contest (ICPC) <i>Finals in Korea (Seoul)</i>	2021 <i>South Korea</i>
Union of Clubs for Programming Contests (UCPC) <i>Regional Qualifiers</i>	2021 <i>South Korea</i>
YouTube Leturer <i>Programming, Data Structures, Algorithm Lectures</i>	Feb. 2021 – Nov. 2022 <i>Subscribers: 633, Views: 56,641</i>

CERTIFICATION & AWARDS

Coding Specialist Professional (Python) <i>High Level of Programming Utilization</i>	May 2021 <i>South Korea</i>
Creative Convergence Performance Contest <i>Best Tutor of Computer Programming</i>	Jul. 2020 <i>Sangmyung University</i>
Creative Convergence Performance Contest <i>Best Project: A movie reservation program</i>	Jan. 2021 <i>Sangmyung University</i>
